The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of Loans under the Land Improvement Loans Regulation, issued under Notification No. D. 70 A, dated 4th January 1892—

(1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June of each year, the first annual payment being made on the 30th June following the period in which the payment falls due."

(2) At the end of para 26, add "Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

(3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the close."

(4) In the same para and in lines 9 and 10 substitute for the words "at the end of," "on or before the 30th June following."

(5) At the end of para 28 add the following proviso:—"Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it."

(6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June," and the 1st "Rs. 24" into "20 + interest for additional three months," and the last three "Rs. 24" into "20" throughout.

(7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" "on or before the 30th June," and in line 2, substitute "12-9-50" for "13-5-86," and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows:—

"26. The loan with interest from the date fixed as per last preceding rule shall be repaid by the borrower by means of fixed annual payments, on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limits specified below:—

	Maximum Period.
	Years.
For loans up to Rs. 500	10
Do from Rs. 500 to Rs. 1,000	15
Do Rs. 1,000 and upwards	20

3. — If, in any special case, a longer period for repayment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case. Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

"28. Repayment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval not exceeding five years in any case may be allowed for the commencement of the repayment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of repayment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards repayment. Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

"*Example.*—Suppose the amount of the loan is Rs. 400, and the rate of interest five per cent, and the loan is paid to the borrower in instalments as follows:—Rs. 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy Commissioner allows an interval of five years for the commencement of the repayment, and directs that the repayment shall be in ten years by means of annuities. Then under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows:—

					Rs,
On or before the 30th June 1893 .. ..					20+ interest for additional 3 months.
Do	do	1894	..	..	20
Do	do	1895	..	..	20
Do	do	1896	..	..	20

The repayment will commence on or before the 30th June 1897. The annual payment towards such repayment under Table E will be  $4 \times 12.950 = 51.12.10$ . The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906."
